

BORTE

The BORTE Panel Line brings cutting-edge innovation to modern interiors, crafted with eco-friendly E0 MDF and finished in advanced PET film using TrueMatte™ technology. Delivering a smooth, paint-like matte surface that resists scratches, stains, and fingerprints, BORTE panels offer both beauty and durability for cabinetry and other applications. With refined textures, timeless colors, and exceptional performance, BORTE redefines contemporary design with a balance of elegance, sustainability, and everyday practicality.
